

Import-Terminal Italy

TALKE Logistic Services has been active in cross-border transport with Italy for decades. Now, TALKE aims to set up a Multi-Client-Centre in strategic cooperation with the North Italy located logistics specialist Interporto Rivalta Scrivia in order to meet future market requirements regarding polymer imports from the Middle East. For this purpose the location of Rivalta in North West Italy with its direct connection to the ports of Genoa and La Spezia has been identified as the most suitable location.
